## GRIM-VISAGED WAR.

It May Come to That Yet, Between  
England and Russia.

An Ominous Aspect Thrown Upon the  
Peace Negotiations.

A Russian Fleet of Thirty-two Men-  
of-War Ordered to Sea.

Outfitting Russian Men-of-War.

St. Petersburg, April 20.—Arming  
men-of-war at Cronstadt continues. Or-  
ders were issued to-day to have all of  
them put to sea. Advice from Samarcana  
state that General Komaroff's victory  
over the Afghans has favorably impressed  
the inhabitants of Bokhara.

"THE RETREAT OF THE BRITISH."

The report gains ground that England  
has made fresh proposals which Russia  
is inclined to accept. The newspapers  
here welcome that they call the retreat  
of the British and agree that peace is  
assured.

THE TERMS OF THE BRITISH DEFEAT.

LONDON, April 20.—The Standard be-  
lieves that the following are the basis  
of the reported compromise between  
England and Russia: Russia consents to  
an immediate meeting between Zelenoi  
and Sir Peter Lumsden at Pul-i-Khatun;  
Russia and England having agreed as to  
the limit of the zone to be debated to be  
the territory between the Lesser line on  
the south and the line from Ak-Tepa to  
Pul-i-Khatun on the north, excluding  
Pul-i-Khatun, and including Pendjeh;  
Russia renews her assurance that no fur-  
ther advance will be made, provided the  
Afghans do not attempt to regain their  
former positions. The commission  
are instructed to find a practicable fron-  
tier north of Mero-chok and south of  
Pul-i-Khatun, restoring Zulfiyar and Ak-  
robat to Afghanistan. Pendjeh is to be  
ceded to Russia and a friendly agreement  
to be made with the Amir.

LONDON, April 20.—A special message  
from Sir Edward Thorne, British am-  
bassador at St. Petersburg, has arrived  
here with dispatches, reporting the result  
of the communication with M. de Giers, Rus-  
sian Foreign Minister, with reference to  
the Afghan frontier.

AN ADVANCE IN CONSOLS.

LONDON, April 20.—12:30 p. m.—Con-  
sols opened at 95 1/2 for both accounts, and  
soon advanced to 96 3/4. Russian securi-  
ties opened at 88.

1:30 p. m.—Consols 96 11/16.

VIENNA, April 20.—Freudenblatt learns  
that the English government has warned  
English traders at the Black Sea ports to  
be prepared to leave.

RUSSIA IS CROWDING ENGLAND.

LONDON, April 20.—The situation of  
the Russia-Afghan question seems again  
to be very serious, owing to Russia in-  
creasing her demands to such an extent  
that it will be impossible for England to  
accept such terms. M. de Giers, Rus-  
sian premier, who is evidently deter-  
mined to profit by his recent successes in  
negotiating with the latter Foreign Office,  
has apparently decided not to yield a  
single iota to Earl Granville. It is now  
feared that Russia has overstepped the  
bounds of British forbearance, as it is as-  
serted on high authority that England will  
never submit to these latter demands of  
the Russian premier. A large number  
of important dispatches passed between  
the English and the Russian foreign offices  
on Saturday and Sunday. All members  
of the Cabinet remained in London Sun-  
day awaiting the reply from Russia to  
the latest from Earl Granville. Dis-  
patches from Cronstadt state that the  
Russian fleet there has been ordered to  
prepare for war instantly, and that thirty-  
two men-of-war have hoisted their flags  
and put to sea.

THE BREACH IS WIDENING.

LONDON, April 20.—There has been a  
continuous exchange of dispatches be-  
tween Earl Granville and M. de Giers since  
Saturday. It is apparent that the breach  
is widening.

LONDON, April 20.—3 p. m.—There is  
now considerable excitement on the ex-  
changes. Consols have fallen 1/4 in the  
last half hour, and are now 96 for both.

Russian securities have fallen to 86 3/4.  
3:30 p. m.—Consols 96 3/16.

THE GOVERNMENT MAKES NO STATEMENT.

LONDON, April 20.—The Cabinet met to-  
day to consider the contents of a num-  
ber of important dispatches just received  
from Lord Dufferin.

Earl Granville, British Foreign Min-  
ister, stated this afternoon in the House  
of Lords that the government had received  
a dispatch from Sir Peter Lumsden. The  
contents in the dispatch, Earl Granville  
said, the government was not prepared  
to make public, any further than to state  
that it contained a contradiction of the  
account of the Pendjeh incident as given  
by General Komaroff. The government  
is, Earl Granville said, expecting further  
telegrams from Sir Peter Lumsden, and  
until they were received the government  
would not be prepared to make any fur-  
ther statement.

RUMORED THAT DE GIERS MAY RESIGN.

FRANKFURT-ON-MAIN, April 20.—  
The Frankfurt Gazette publishes a dispatch  
from St. Petersburg to the effect that the  
resignation of M. de Giers, Russian Min-  
ister of Foreign Affairs, becomes daily more  
probable.

MORE TALK FROM DUFFERIN.

LAHORE, India, April 20.—Earl Dufferin,  
Viceroy of India, in an address to the  
Indian Association, again referred to the  
marked manner of the offers made by the  
native princes as people to give England  
assistance in any struggle which she  
might have with Russia, and assured  
his hearers England would know how to  
use this help when occasion required it.

THE PALL MALL GAZETTE'S STATEMENT.

LONDON, April 20.—The Pall Mall Ga-  
zette states this afternoon that, despite all  
the prevalent alarmist rumors, it is in a  
position to state that the differences be-  
tween England and Russia are in a fair  
way toward settlement.

GLADSTONE EXPLAINS.

Gladstone in the House of Commons  
this afternoon made the following state-  
ment: "The government on Friday re-  
ceived a dispatch from Sir Peter Lumsden,  
and the telegram was not an answer to  
our inquiries and instructions dispatched  
to him on the 10th instant. It will be  
necessary to wait that answer before we  
can make any statement. The telegram  
received from Sir Peter Lumsden Friday  
tended to confirm his previous state-  
ments, which certainly apparently con-  
flicted with General Komaroff's state-  
ments."

## ADVANCING UPON RIEL.

Stores and Gatling Guns Going  
Down the Saskatchewan River.

St. Paul, April 20.—The Globe's Win-  
nipeg special: A dispatch from Clark's  
Crossing tells of the capture near there of  
three Indians, one of whom proved to be  
a cousin of White Cap, chief of the Sioux  
Indians, now with Riel. They explained  
that White Cap's band was induced to  
visit Riel by the promise of plenty of pro-  
visions. The band had been forced to  
stay. They said Riel was at his house at  
Batoche; had 250 half-breeds with him  
and seven prisoners. Middleton sent one  
of the Indians to report to White Cap  
what he had seen and to tell him to re-  
turn to his reservation. Middleton  
promised the Indian a reward if he  
brought Riel's prisoners with him.

A dispatch from Calgary says: Con-  
siderable anxiety is felt here for Edmon-  
ton and the north country. The stage  
line Wednesday has not yet arrived.

Swiss Cavalry, April 20.—An immedi-  
ate advance of the Midland battalion  
will be made Sunday. Steamers loaded  
with stores and gatling guns for Mid-  
dleton will be escorted on the dangerous  
trip down the Saskatchewan to Clark's  
Crossing by the right wing of the bat-  
talion under Col. Williams.

TEXAS FUN IN A THEATRE.

EL PASO (TEXAS) April 20.—During  
the festivities of the officers of the Tenth  
United States Cavalry (colored troopers),  
in this city, a desperado named Bill Ray-  
ner, thoroughly charged with whisky,  
and spoiling for a fight, entered the Gem  
Theatre and offered to fight any one in  
El Paso with any kind of weapon. While  
flourishing a cocked pistol some one  
nearly off and putting another ball  
through his body, producing a mortal  
wound. Shortly after the first shooting  
Deputy Sheriff Flynn entered the theatre  
partly intoxicated, to exercise his author-  
ity. He finally became boisterous, and  
flourished a pistol. Bob Cahill, a quiet,  
inoffensive man, drew a pistol and covered  
Flynn, coloring him to throw up his  
hands. The latter fired, Cahill also firing  
at almost the same instant, shooting  
Flynn through the heart, and followed  
up the shooting until his pistol was empty  
and Flynn had six balls in his body.  
Thus far no arrests have been made.

SUPPRESSING THAT FRENCH NEWS-  
PAPER.

LONDON, April 20.—The Standard, in  
an editorial this morning, says it hopes  
England will support the Khedive in his  
controversy with France concerning the  
suppression of the Bosphore-Egyptian.  
If England allows an accession to France's  
demand for the withdrawal of the decree  
of suppression and the punishment of the  
officials who executed the decree, the  
Standard thinks it will make a grave  
mistake. The Standard was justly sup-  
pressed, says the Standard, and if it be  
allowed to resume its audacious career  
England will confess more flagrantly than  
ever that it is Egypt she has undertaken  
a task which she has neither ability to ex-  
ecute nor courage to relinquish.

DISASTROUS TO WINTER WHEAT.

CHICAGO, April 20.—The Farmers' Re-  
view says: "The most important fact  
during the last week is the development  
of the serious damage to the winter wheat  
crop. If we harvest a crop of 70 per cent.  
of the yield of 1884 east of the Rocky  
Mountains we shall do well. The crop  
has been badly winter killed, brought  
about by late seeding, severe weather  
early in January, and an unprecedentedly  
dry and cold March. The seeding of  
spring wheat is progressing slowly."

PLEURO-PNEUMONIA IN MISSOURI.

ST. LOUIS, April 20.—Dispatches from  
Fulton, Mo., state that the people of Cal-  
loway county are greatly discouraged by  
the failure so far to stamp out pleuro-  
pneumonia among the cattle in that  
county. Leading stock men of St. Louis  
will make a personal appeal to the Gov-  
ernor for an extra session of the Legisla-  
ture. It is said that the cattle interest in  
that State has already suffered a depre-  
ciation in value of over \$500,000.

THE IRON WORKERS' CONVENTION.

PITTSBURGH, April 20.—The National  
Scale Convention of the Amalgamated  
Association of Iron and Steel Workers  
adjourned at 6 o'clock this morning  
after a continuous secret session of  
twenty-four hours. Nothing definite is  
known regarding the action taken, as the  
delegates refused to talk. It is generally  
believed, however, that last year's scale  
of \$5.50 per ton for puddlers was reaf-  
firmed.

A TERRIFIC WATER SPOUT IN TEXAS.

GALVESTON, April 20.—The News  
Laredo special says: A wave eight feet  
high came rushing down the Rio Grande  
this morning with terrific force. It car-  
ried away the Mexican National Railway  
bridge. In a few hours the river rose  
twenty feet, then rapidly ran down. The  
resulted from a great water spout,  
which fell some miles above the city. A  
large quantity of drift indicates great de-  
struction of ranch property above.

AFTER THE SKATING RINKS.

NEW YORK, April 20.—The adjourned  
inquest in the case of Joseph Cohen, the  
roller skater, who died in Brooklyn,  
March 16th, is concluded. The jury  
found that he died of cerebro-spinal  
meningitis, and recommended that a law  
be passed to prohibit managers of skating  
rinks from allowing contestants in races  
to remain on the floor more than four  
hours.

THE NEW FRENCH LOAN.

PARIS, April 20.—Gaulois affirms the  
correctness of the report that the new  
French Minister of Finance will upon  
the reassembling of the Chamber of  
Deputies present a bill for the issue of a  
new French loan to amount to six or  
seven hundred millions of francs.

SCULLING MATCH POSTPONED.

SAN FRANCISCO, April 20.—The sculling  
match between Layberger, of Pittsburg,  
and Stevenson of Vallejo, California,  
which was to have taken place Saturday,  
was, owing to the boisterous weather,  
postponed to the 28th.

THE QUEEN TO VISIT IRELAND.

DUBLIN, April 20.—It is stated that  
Queen Victoria has arranged to visit Ire-  
land next autumn.

## GRANT'S GOOD TURN.

Out Riding in the Family Carriage  
This Afternoon.

Wonderfully Cheerful and Feeling and  
Looking Better.

The Strict Medical Attendance Dis-  
pensing With for the Present.

SUNDAY WITH GRANT.

NEW YORK, April 20.—Everything  
passed quietly at the Grant mansion  
Saturday night. Cyrus W. Field drove  
up to the house at 9:45 Sunday morning,  
and had a short conversation with the  
General, who, he said, he found

PERLING AND LOOKING MUCH BETTER.  
Than on his previous visit. He said the  
doctors would not allow the General to  
go out just at present, as the air was so  
chilly. At 11:30 the General appeared  
at the front window, and seemed to enjoy  
the bright sunshine which streamed in  
upon him. People passing on the other  
side of the street noticed his presence,  
most of the men lifting their hats, which  
the General recognized with apparent  
pleasure.

About the same time Jesse  
Grant went out for a stroll with his little  
daughter Nellie. She saw the upturned  
faces on the other side of the street,  
looked up to the window where the Gen-  
eral stood, and quickly placing both  
chubby hands to her lips, threw a kiss to  
him.

"THERE'S GRANDPA," CHIED THE CHILD.  
As she did so, and in response Grant  
nodded to the child and smiled.

At 2 o'clock the entire staff of phy-  
sicians met in consultation, after which  
the bulletin was issued. At the consul-  
tation held at this hour, Drs. Barker,  
Sands, Shady and Douglas were present.  
General Grant was found to be in an im-  
proved condition, both general and local,  
compared with the last statement. The  
physicians in attendance are, and have  
been, in entire agreement concerning the  
management of this case.

THE DANGER CONSIDERED PAST.

Unless an unforeseen change for the  
worse occurs, there will not be another  
general consultation in a week. Dr.  
Shady will not call again until Wednes-  
day. Dr. Douglas will be in charge,  
and will remain nights if Gen. Grant de-  
sires. Other doctors are to be in readi-  
ness to respond to a call from Dr. Dou-  
glas should a change take place. The  
General this afternoon, for the first time  
in many days, slept an hour upon the  
bed. Gen. Geo. B. McClellan, Sidney  
Dillon, and Alex. S. Webb called in the  
afternoon.

NEW YORK, April 20.—Leland Stanford,  
accompanied by Rev. Dr. J. P. Newman  
entered the Grant residence about 8  
o'clock last night, and they remained for  
two hours. When they emerged from  
the house Dr. Newman said:

GRANT IS WONDERFULLY CHEERFUL.  
He thought that Mrs. Stanford came with  
us and he walked down stairs to the par-  
lor to welcome her. He found out his  
mistake and was escorted back to the  
library again by way of the elevator. Dr.  
Douglas came again about 9 o'clock, and  
said there would be no bulletins during  
the night. General Grant will be with-  
out any medical attendant to-night.

STILL PROGRESSING FAVORABLY.

NEW YORK, April 20.—No incident in-  
terrupted the quiet of the Grant house-  
hold last night. The patient rested and  
slept through until 6:15 this morning.  
The doctor left at 7 a. m., and will return  
at 2 o'clock, when it is believed the Gen-  
eral will go out for a drive.

THE GENERAL OUT RIDING.

NEW YORK, April 20.—At 1:55 o'clock  
this afternoon General Grant's family  
carriage was driven to the door. The  
General appeared, and wore a high hat,  
about his neck was a silk scarf, and a  
closely buttoned coat, his figure was a  
heavy beaver overcoat. The General  
carried a light cane, and unaided walked  
down the steps with a firm step. As he  
crossed the flagging he bowed and smiled  
at a hundred hats were testified in salute  
to those who assembled on the walks  
across the street.

THE PROTOCOL-ANOTHER FIGHT.

SHANGHAI, April 20.—The protocol has  
been signed for the withdrawal of Chi-  
nese and Japanese troops from Korea.  
Japan waives her claims to an indemnity.

HONG KONG, April 20.—It is reported  
there has been severe fighting in Western  
Tongkoo by the French and Chinese  
troops. The Chinese claim to have been  
victorious, but admit that they suffered  
heavy losses.

NEW YORK STOCKS AND FINANCE.

NEW YORK, April 20.—Stocks continue  
to show a very strong undertone. Prices  
are irregular. Union Pacific, Pacific  
Mail, Central Pacific and St. Paul show  
gains. Advances for the first hours 1/2 to 3/4.  
At 11 o'clock the market is quiet and  
steady at an advance.

Bar silver 107 1/2.

Stocks were weak after mid-day but  
checked after the first hour and prices  
continued steady, the market closing  
fractionally higher than the final quotat-  
ion last Saturday.

FIRE AND FOUR LIVES LOST.

PHILADELPHIA, April 20.—The Times'  
Reading special: About 4 o'clock this  
morning a fire occurred in some frame  
buildings several miles from the city, in  
which four persons, Harry Wentze, aged  
13, Charles Wentzel, 13, sons of the prop-  
rietor, and Charles and Fred Hetzinger,  
brothers, 16 and 20, were burned to  
death. The cause of the fire is a mys-  
tery.

CHICAGO GRAIN MARKET.

CHICAGO, April 20.—Markets all ruled  
strong to the close, wheat closing nearly  
at outside figures, 87 1/2 cash 88 3/4 @ 88 1/2  
May; 90 1/2 June 92 1/2 @ 93 July.  
Corn strong 46 1/2 cash 47 1/4 May; 47 1/4  
June.  
Oats firm, 35 May; 35 1/2 @ 35 3/4 June.  
Whisky, \$1.15.

A SUPREME COURT DECISION.

WASHINGTON, April 20.—The Supreme  
Court of the United States rendered a de-  
cision to-day in the Virginia coupon tax  
cases, which was in favor of the bond-  
holders and against the State in all mat-  
terial points.

## OUR GOLD AND SILVER.

Nearly Eighty Millions of the Two  
Metals Produced in 1884.

WASHINGTON, April 20.—Burchard,  
Director of the Mint, in his special an-  
nual report of the production of gold and  
silver in the United States for the calen-  
dar year of 1884, which has been ordered  
printed, estimates the production of the  
country to have been: Gold, \$30,800,000;  
silver, computed at the silver dollar  
coinage rate, \$48,800,000; total, \$79,-  
600,000. This shows an increase over the  
yield of the previous year of about \$800,-  
000 gold, and \$2,400,000 silver. The  
total deposits of gold at the mints during  
the year amounted to \$50,518,179, of  
which \$30,807,200 was reported as do-  
mestic. The exports of gold bullion, ex-  
clusive of United States bars, amounted  
to only \$115,000. To the amount de-  
posited at the mints and the small  
amount exported might properly be  
added \$200,000 worth of gold contained  
in silver bullion exported, and also pos-  
sibly \$700,000 of unexported gold in the  
form of nuggets, grains, etc., used in or-  
namentation, and \$200,000 in bars in  
private refineries, used for similar pur-  
poses, which would make in all an addi-  
tion of about \$1,500,000; but of gold re-  
ceived from British Columbia and the  
Northern States of Mexico, amounting to  
about \$1,100,000, only \$400,000 was de-  
posited at the San Francisco mint as  
foreign, and statements furnished by re-  
finers show that it was refined by them  
and included in the refined bullion de-  
posits at that mint under the head of  
domestic.

THE NEW BISHOP OF IDAHO.

BALTIMORE, April 20.—Monsignor A. J.  
Glarieux was yesterday consecrated in  
the cathedral in this city as Bishop  
portus indigendum and Apostolic Vicar of  
Idaho. The rite was conducted with all  
the ceremony and pomp possible. Arch-  
bishop Gibbons was the consecrator,  
Very Rev. A. Magnien was the attending  
priest, Rev. T. B. J. McManus and A.  
Boyer were masters of ceremonies. Rev.  
T. S. Lee was reader of the bulls and  
Rev. G. W. Devine deacon of the mass.  
The assistant consecrating bishops were  
Gross of Savannah and Maes of Covington,  
Kentucky; Bishops Brandel, of Mor-  
tana, and Keane, of Richmond, Virginia,  
were also present.

THE PRINCE LEAVES THE "OLD SOE."

KILMARNOCK, April 20.—The Prince and  
Princess of Wales left for Dublin to-day.  
The people cheered, fired military salutes  
and sang the national anthem in demon-  
stration of their loyalty as the royal vis-  
itors took their leave.

FRANCO-CHINESE HOSTILITIES CEASED.

PARIS, April 20.—The blockade of  
Formosa by the French was raised on the  
16th instant. The Spanish embassy here  
deny the report of the conspiracy pub-  
lished in Le Paris yesterday.

DEATH OF DAN MACE.

NEW YORK, April 20.—Dan Mace, the  
famous driver of trotting horses, died  
yesterday at his residence, No. 411 West  
Forty-Seventh Street, from Bright's dis-  
ease.

OF FERRY, the lately deposed French  
Premier, a correspondent writes: "He  
always shook men's hands with a hearty  
grip; he could laugh loud and long even  
when not amused; if conversation flagged  
he could light it up suddenly with a few  
cracking jokes, but he generally pre-  
ferred to sit silent, smoking penny cigars  
(for he was not rich), sipping absinthe,  
and taking mental notes of what was be-  
ing said around him. Now and then,  
especially if a talker appealed to him, he  
would nod approval with a grave clos-  
ing of the eyes, which is the supreme  
politeness in the art of listening. He  
never squandered his knowledge in small  
talk, so that his public speeches always  
took his most intimate friends aback.  
Gambetta once said to him: "You are  
the most secretive of chatterboxes," the  
truth being that Ferry used commonplace  
ideas in private intercourse, just as some  
men keep half-pence for beggars."

A PARTY of newspaper correspondents  
recently met in London, and were giving  
their experience of the drinks to be got  
in various parts of the world. One told  
of a famous concoction prepared in Italy;  
another spoke of the drinks of Califor-  
nia; another of Mesopotamia, Aus-  
tralia, etc. The last man to speak said  
that at a supper in Russia he once got a  
drink consisting of a pint of champagne  
and a pint of brandy hot, which was  
dunk with a toast to the guest of the  
evening. "Well?" said a listener. "Oh,  
after that you were put to bed; there was  
nothing else to do that evening," was the  
rejoinder.

DAN RICE, the circus clown, is gun-  
ning a ten-cent circus in the French  
quarter of New Orleans. He talks sadly  
of the good old days when his Floating  
Palace was the sensation on the father of  
waters, and thousands upon thousands of  
people swarmed from far and near to see  
him. He gave an entertainment a few  
nights ago, when not 300 persons were  
present, and about one-third of those  
were professional and other deadheads.
